## Local Telephone Exchange.

One by one our good people who were willing for a time to endure almost anything, if by such endurance they could hope to establish in our fair village a lasting necessity, have been overcome, as it were, by the exorbitant prices charged by the New England Telephone Co. and ordered their instruments out until but three remain. This is not due to the fact that our people do not appreciate a telephone but rather they do appreciate getting used right, and like to get fairly reasonable returns for their money expended, and as they have never experienced either, it is not to be wondered at that after patiently carrying their burden for three years without any satisfaction, they have seen fit to lay it down.

However, as reflecting on past grievances will never illumine our future pathway, and feeling confident that no amount of remonstrance will bring relief from our present telephone company, let us forbear all further attempt at reconciliation with them, and exert our energies to bring about an exchange which shall be more congenial to the needs of our people. What we need and must have, is a telephone exchange controlled by local capital; such an exchange will, like other local enterprises, be liberally patronized. It is safe to say that an exchange can be provided here that will furnish instruments at one half the price which we have been paying, and yield good returns on the capital required. With the price of the instruments reduced one half, scores of our citizens would avail themselves of the opportunity of having one.

Citizens of Bethel! Does this matter interest you? Do you desire to see a telephone exchange of fifty instruments in Bethel? If so kindly give us your encouragement. We are determined to see this idea materialized, and urgently request all persons directly or indirectly interested to communicate with the News.

Change of Trains.  
From now until further notice trains will leave Bethel station as follows:

WESTBOUND.  
10.27 A. M. Daily Except Sundays.  
4.33 P. M. " " " " " "  
9.01 P. M. " " " " " "  
9.57 A. M. Sundays only.  
EASTBOUND.  
5.50 A. M. Daily  
8.50 A. M. " Except Sundays.  
3.39 P. M. " " " " " "  
This change will doubtless be appreciated especially with reference to the mail service. Heretofore the fact that we had no down mail between 7.30 A. M. and 8.30 P. M. gave considerable dissatisfaction. The present service on the contrary, should be the subject of favorable comment in Bethel, as ample time is given in the morning to prepare all mail which is to go east before the mail closes, which is at 8.30 A. M.

Mr. Wilfred Bowler of Palermo, has purchased the photograph gallery now occupied by R. W. Glidden, and will begin business Tuesday, November 9. Mr. Bowler is a man thoroughly acquainted with photography, having been in the business for ten years, a portion of which time he has been foreman of one of the largest photograph galleries in New England. Our citizens will doubtless appreciate having an opportunity afforded of getting first class pictures right at home.

The American Protective Tariff League has just issued another and very complete edition of our Tariff laws. This volume of 144 pages, gives the official text of the Dingley Tariff; complete comparison of the Dingley and Wilson laws; and index to all articles covered by the new Tariff. The book will be of great value for reference and for answering all questions regarding the Tariff question. It will be sent to any address for twenty-five cents. Ask for document No. 27, and address The American Protective Tariff League, 135 West 23rd Street, New York.

## How's This!

Tired, Nervous, Sleepless  
Men and women—how gratefully they write about Hood's Sarsaparilla. Once helpless and discouraged, having lost all faith in medicines, now in good health and able to do my own work, because Hood's Sarsaparilla has power to enrich and purify the blood and make the weak strong—this is the experience of a host of people.

Hood's PILLS are the best family cathartic and liver medicine. Gentle, reliable, sure.

Pure, rich blood feeds the nerves. That is why Hood's Sarsaparilla, the great blood purifier, cures nervousness.

Our School.  
A Composition Written by One of the Pupils in the Grammar School.

There are thirty-six or thirty-seven in our room to-day. We have two divisions, higher and lower classes, some times they are called first and second class. The first class goes out in the fall, and the second class takes its place.

Perhaps if you never have heard of the Bethel Brick School-house, you would understand about it better if I were to tell you there are four school-rooms in it, also two halls, two basements and a furnace room which contains two large furnaces, and a warm place to eat our dinner when the weather gets cold. The school-rooms are called first, (or primary) second, third and fourth. Sometimes the rooms are called different names.

Miss Gibson teaches in the first room, Miss Hammons the second, Miss Chapman the third, and Mr. Small the fourth. The highest class in the fourth room passes into Gould Academy across the way in the fall. Miss Kimball, Miss Twombly, and Miss Brown used to teach in the second, third and fourth rooms, but all three of them have gone, and only Miss Gibson of the first teachers remains.

## STATE TALK.

Did you quake when the earth did, Saturday?

Rev. H. A. Markley has presented the Bridgton public library with a complete encyclopedia.

A new dryer, 39x14 feet, has been put into the woolen mill at Rumford Falls. It is the largest in the country.

The better times will extend to the Maine woods this winter, according to the present outlook.

Those who took off the door and window screens with the first cold snap are wondering what flies were made for anyway.

After a vacation of three years, there is a school in North Norway this fall with six scholars, taught by Miss Grace Bicknell of Norway village.

The Aroostook farmer who sprayed his potatoes with Bordeaux mixture and thus prevented rust is now reaping the harvest of his foresight.

Two Norway lads are building a mammoth kite. It is 6x6 feet and tailless. They have a camera attachment and propose to take aerial attachment views of the landscape. One of a smaller dimension has worked successfully, and there seems to be no reason why this one will not work well.

It happened in Portland a few days ago that the lady of the house told the new girl she would have some of that salt fish stripped for tea. It was, but the tea made from soaking that stripped fish in the tea pot neither cheered nor invigorated. The girl followed instructions literally.

Stephen D. Hutchinson of Paris, one of the well known citizens of Oxford county, died Tuesday, aged 83 years. He was born in Hebron, and came to this town in 1847. He served as register of deeds for many years, and for a long time had been engaged in trade in Paris. He was prominent in all town affairs, and was much respected.

The neighbors of a poor Biddeford woman, who works in a factory and washes children's clothes on Sunday, have complained to the police that her washing machine disturbs their serenity. Accordingly the machine has been stopped on the Lord's day and the woman has concluded that cleanliness isn't next to godliness on that street, anyway.

There lives a man in Bowdoinham who likes to have his horses fed early in the morning and also likes to take his morning nap. Accordingly he has rigged an arrangement whereby with the assistance of an eight-day clock in the stable those horses get their feed and their owner can roll over for a parting snooze without mind or conscience being troubled.

The unexpected happened in the supreme court at Auburn, Saturday afternoon, when, to the surprise of the court officers and everybody else, Judge Emery directed Joseph B. Holt, the Mechanic Falls murderer, to be brought before him, to enable Holt to retract his plea of not guilty and plead guilty to manslaughter. Judge Emery then imposed a sentence of 10 years in the State prison at Thomaston. Holt's case, as will be remembered, is that in May, 1896, he cut his baby's throat and then tried to end his own life, but failed. When he recovered he was taken to the State insane hospital for observation, and his counsel entered a plea of "not guilty by reason of insanity."

At the trial the jury disagreed standing 11 for conviction and one for acquittal.

A Rockland clerk has a gallon jug behind the counter and whenever he receives a silver dime that belongs to him, he puts it in the jug, which it is estimated will hold \$1000 worth in that coin. And he vows not to empty the jug, before it is full. This may seem slow work but if any of our young men would adopt a similar method for saving their money, they would soon be surprised at the number they have been spending, as it were, unconsciously.

Be Punctual!  
Meet all your engagements on time, never be late. A good watch helps you to be punctual, while sometimes a poor one will make you lose a train. Why not have a good one? They can be had at all prices, from \$5 up.

Buy of some one you know and get your money's worth. All my watches warranted a year, and my prices all the lowest in Oxford County.

It seems too bad, in this generation when so much good white paper is spoiled by those who think they can write something everyone will want to read, that any youth should be frightened from school by the terrors of composition writing. But so it is, and the other day a lad whose father had equipped him with a horse and outfit, he lived in the suburbs, to attend the Richmond high school gave up in despair when the teacher insisted he should write a composition.

—As it addeth deformity to an ape to be so like a man, so the similitude of superstition to religion makes it more deformed.

—He that judges, without informing himself to the utmost that he is capable, cannot acquire himself of judging amiss.

Constipation:  
A Disease that is Numbering its Victims by Hundreds of Thousands.

Constipation is a disease that stops the machinery of the body. It puts every organ out of condition. Disease spreads into the entire system, all because there is a little obstruction.

Dr. Kennedy's Favorite Remedy always cures. Here is proof:

Mrs. Julia A. Yeaple, of Kingston, N. Y., says: "If it were not for Dr. Kennedy's Favorite Remedy I think I should die from constipation. It gives me an appetite, produces refreshing sleep, and cured me of a nervous affection I had for years. I could not live without it."

All druggists sell it for \$1 a bottle.

BICYCLE CONTEST.

From now on, the standing of the contestants will not be published. Remember the contest is to close October 21, and consequently all work must be done before that date. If you want the wheel, work for it.

Rev. Mark Minner, a Drunkard minister of Decker's Point, says he can recommend Chamberlain's Pain Balm to any one in need of a good liniment, and that he considers it the best he has ever used. Pain Balm is especially valuable for rheumatism, lame back, sprains, swellings, cuts, bruises, burns and scalds. It is one of the most remarkable medicines in existence, and its effects will both surprise and delight you. For sale at 25 and 50 cents per bottle by G. R. Wiley, Bethel, and G. O. Jones, Bryant's Pond.

A Camera

will not take a good picture unless everything is in good order and perfect adjustment.

THE EYE is like a camera with its lens, diaphragm, etc. When the eye does not make a perfect picture, glasses if they are fitted correctly, will correct the difficulty and improve the picture, but if you don't wear glasses the eye strains itself to see and the result is to produce headache and render the eyes worse.

Glasses are needed if your eyes trouble you. Eyes examined free and a perfect fit guaranteed.

### Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

**E. L. BABCOCK**, of Avoca, N. Y., a  
veteran of the 2nd N. Y. Artillery and  
for thirty years of the Babcock &  
Munsell Carriage Co. of Auburn, says: "I  
write to express my gratitude for the mirac-  
lous benefit received from Dr. Miles' Heart  
Cure. Insuffered for years, as result of army  
life, from sciatica which affected my heart  
in the worst form, my limbs averted from  
the ankles up. I bloated until I was unable  
to button my clothing; had sharp pains  
about the heart, smothering spells and  
shortness of breath. For three months I  
was unable to lie down, and all the sleep I  
got was in an arm chair. I was treated by  
the best doctors but gradually grew worse.  
About a year ago I commenced taking Dr.  
Miles' New Heart Cure and it saved my life  
as it by a miracle."

## THE COUNTY NEWS.

Short Paragraphs Collected by Our Correspondents, for the NEWS.

#### WEST BETHEL.

"The crimson now is on the tree—  
The field and garden seems to vie  
In autumn sun is burning  
Upon the gorgeous sunset sky."

Waterford fair was well attended  
from this place last week.

Mrs. E. C. Barnard has returned  
to her home at Bellows Falls, Vt.

J. M. Philbrook bought some  
cows and heifers in this section,  
Monday.

Mr. and Mrs. Will Hutchinson  
and son Alton were at T. L. May-  
berry's, Sunday.

A. L. Whitman had the misfor-  
tune to lose one of his twin steer  
calves last Friday.

WILSON'S MILLS.

Mrs. T. S. Flint is visiting at F.  
A. Flint's.

S. F. Peaslee, a representative  
of E. S. Coe, was in town last week.

A severe frost in Sept. 21, spoiled  
flower gardens and cucumber  
patches.

P. C. Ripley with a crew has been  
graveling the Aisenoos dam, be-  
longing to the Berlin Mills Co., the  
past week and will build a new  
dam, making it especially valu-  
able for logging camps.

The 22nd, County Commission-  
ers and Riddell were in town  
to inspect and accept the bridge  
that was built the past summer,  
also to lay out a road across Fred  
Taylor's farm, for the accommoda-  
tion of the residents on the west  
side of the river.

NORTH BUCKFIELD.

O. D. Warren is at home for a  
while.

Mert Warren is at work for Ed  
Thayer.

Lots of people from our place at-  
tended the Canton Fair.

Jim Bicknell and Will Bisbee  
have been at work on Sumner  
Hill the past week.

A Mrs. Joyce from Lawrence  
has been a guest of Mrs. Rozetta  
Bicknell the past week.

Mrs. Melissa Cressy, formerly of  
this place, now of Salem, Mass., is  
a guest of her sister, Mrs. Martha  
Record.

Holman Monk and Mabry May-  
hew had quite a narrow escape at  
the fair grounds. Holman went  
into the sand and got thrown and  
Mabry went on to him with his  
wheel and a team coming at full  
speed behind them went over  
them both. The boys came out  
with a few slight scratches but  
their wheels were very much de-  
molished.

There are facts with a strange psy-  
chological bearing in connection with  
the capture of Mrs. Nick and  
Martin Thorn, accused of the murder of  
William Guldensuppe in New York  
city. They are believed to have killed  
their victim and then to have disem-  
bered him, thrown part of the mutilated  
body into the East river and taken the  
rest of it into a wood miles away from  
the river. The head was not found at  
all. Yet much by mouth the net were  
around them that caused them to be  
held for the murder. There is some-  
thing uncanny in the way the fragments  
of the body were found in different  
places, brought together, and identified  
as the remains of Guldensuppe. Before  
this happened there was time for Mrs.  
Nick to have got out of the city and  
the country, but she did not go. Some  
wild power seemed to hold her. It was  
the same with Martin Thorn, her hus-  
band accomplice. Nearly two weeks  
elapsing between the disappearance of  
Guldensuppe and the time when Thorn  
was found and arrested. He might have  
been safe in Europe or South America  
before that, but he, too, hovered around  
the scene of the crime. He could not go  
away by himself. It seemed that he  
dared not. He had to have somebody to  
all. Yet much by mouth the net were  
around them that caused them to be  
held for the murder. There is some-
